

TURBO Matic

CONCENTRATED LIQUID DETERGENT
FOR DISHWASHERS AND CUP WASHERS

I41010104 - 6KG - 4 PIECES

COMPOSITION:

Sulfonic Acids, C14-16 (even numbered)-Alkane
Hydroxy, C14

Concentrated liquid detergent for dishwashers and cup washers for professional use. Product characterized by high performance, it can be used with all types of water, even those that are particularly hard or rich in iron. Do not leave streaks or limescale deposits on the dishes. Very effective in removing particularly stubborn deposits of food and fat. Suitable for any type of automatic washing system, it is not suitable for cleaning dishes made of aluminum or those containing rubber parts. Product suitable for use within HACCP selfmonitoring programs.

HOW TO USE

If the machine is equipped with an automatic dispenser, adjust it so as to obtain a delivery equal to the dose shown in the table, otherwise pour the product directly into the dishwasher.

- Soft waters (< 15°F) - 1 gram / litre
- Medium waters (15-25°F) - 2 grams / litre
- Hard water (> 25°F) - 3 grams / litre

PHYSICAL AND CHEMICAL PROPERTIES

CHARACTERISTICS
